### Remarks

Welcome to your 3908 square foot dream home, where elegance and luxury come together in perfect harmony! This custom-built masterpiece exudes sophistication and style at every turn and offers two master suites perfect for multi family, generational living, airbnb'ing or just extra space. As you step through the grand foyer, you are greeted by a spacious and inviting great room, highlighted by a stunning custom stairway with intricate wrought iron railings. The pillar in the entry and the custom paint throughout the home evoke a Mediterranean ambiance, adding to the elegance and charm. Boasting 4 bedrooms and 4 bathrooms, this home is designed for both comfort and entertainment. The expansive main-floor master suite is a true retreat, offering ample space for an office, workout area, sitting nook, or hobby space. The California-style walk-in closet is perfect for organizing your wardrobe, while the luxurious en-suite bathroom features a jetted bathtub, perfect for relaxation, and offers scenic views of the greenbelt and lake from your bed. The chef's kitchen is a dream, with custom cabinetry, all new appliances, granite countertops, and an open layout designed for seamless cooking and entertaining. Unstairs, a private retreat awaits, complete with another master suite, two
